

## **INNOVATION REPORT GUIDELINES**

**"The only way to discover the limits of the possible is to go beyond them into the impossible"**

**'Innovation = Inspiration + Perspiration + Perseverance'**

Here SEVC's quest for creativity, the Innovation Round. In this regard, each participating team must prepare an innovation report.

### **IDEOLOGY:**

- In this report, teams should showcase their novel innovative ideas in a clear and understandable manner.
- There is no restriction on the number of innovations that a team can submit but it must be a working model and preferably implementable inside their vehicle.
- Every team should bring at least one innovation for the dynamic event. Teams are not allowed to skip or quit the Innovation Round at any cost.
- Innovation round will majorly focus on the aspects of novelty, genuinity, practicality and feasibility.
- The innovation can be a product, process, or concept or a combination of any of these that can be activated in the industry/marketplace and produce outstanding results.

### **REPORT REQUIREMENTS:**

- The entire report must be prepared in our prescribed SEVC Document Template sent along with the guidelines.

- The teams should bring one hard copy with calico printing while attending the dynamic even .
- The teams should submit their report in their login page in .pdf format. Name of the document should be **TeamID\_Teamname\_Innovation report.pdf**. Maximum file size of the document should be 1MB.
- The teams should submit their report before **12:00 pm of 10th March 2024**.
- The teams should follow the procedure given below to prepare the innovation report:
  - A. Problem Statement
  - B. Scope of the innovation
  - C. Existing idea
  - D. Proposed idea
  - E. Justification of novelty (Explanation & Calculations)
  - F. Budget of the innovation
  - G. Feasibility
  - H. Image of the innovation

**NOTE:**

- Teams can skip option (C) if their idea is entirely new.
- If the proposed innovation is in the concept or ideation phase, teams must provide atleast the design or simplified prototype in order to visualize the idea. Teams can also use pictorial aids to showcase the innovation.
